

HONOLULU POLICE DEPARTMENT

2009

ANNUAL REPORT

MISSION

We, the men and women of the Honolulu Police Department, are dedicated to providing excellent service through partnerships that build trust, reduce crime, create a safe environment, and enhance the quality of life in our community.

We are committed to these principles:

INTEGRITY

***We have integrity.** We adhere to the highest moral and ethical standards. We are honest and sincere in dealing with each other and the community. We have the courage to uphold these principles and are proud that they guide us in all we do.*

RESPECT

***We show respect.** We recognize the value of our unique cultural diversity and treat all people with kindness, tolerance, and dignity. We cherish and protect the rights, liberties, and freedoms of all as granted by the constitutions and laws of the United States and the State of Hawaii.*

FAIRNESS

***We act with fairness.** Objective, impartial decisions and policies are the foundation of our interactions. We are consistent in our treatment of all persons. Our actions are tempered with reason and equity.*

. . . in the spirit of Aloha.

Message from the Mayor

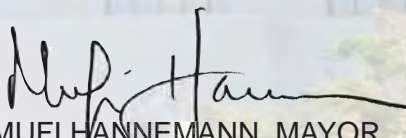

The 2009 Annual Report of the Honolulu Police Department documents the exceptional accomplishments of “Honolulu’s Finest” and provides an account of the excellent work of these trusted civil servants. I am proud to serve with them as part of the City and County of Honolulu ohana.

Congratulations to the Honolulu Police Department’s outstanding men and women for their unwavering commitment to public safety. Each day, they live the department’s principles of Integrity, Respect, and Fairness.

From those in uniform to the civilian workforce that provides administrative support, all of the members of the Honolulu Police Department perform their daily duties with professionalism, courage, and dedication.

The fact that Honolulu is one of the safest cities in our nation is due in large measure to the people of the Honolulu Police Department. These public servants recommit themselves daily to the department’s mission of “providing excellent service through partnerships that build trust, reduce crime, create a safe environment, and enhance the quality of life for nearly one million people in our community.

I salute the Honolulu Police Department, its members, and staff for another year of stellar achievement.

MUFU HANNEMANN, MAYOR

The Honolulu Police Commission is made up of seven members who are appointed by the Mayor and confirmed by the City Council. All members serve staggered terms of five years. They volunteer their services and do not receive any compensation.

A chair and vice chair are elected from within its membership every year. The commission chair for 2009 was Christine H. H. Camp. Keith Y. Amemiya and Marc C. Tilker each served as vice chair during the year.

The commission has the following mandated responsibilities:

- appoints and may remove the Chief of Police;
- evaluates the performance of the Chief of Police at least annually;
- reviews rules and regulations for the administration of the Honolulu Police Department;
- reviews the annual budget prepared by the Chief of Police and may make recommendations thereon to the Mayor;
- compares at least annually the actual achievements of the police department with the goals and objectives in the five-year plan; and
- receives, considers, and investigates charges brought by the public against the conduct of the department or any of its members and submits a written report of its findings to the Chief of Police.

The commissioners are committed to continue working proactively with the department to address problems regarding police conduct and other issues.

Message from the Chief

Aloha. I am proud to be the 10th chief of the Honolulu Police Department (HPD). I stand ready to lead the men and women who work so hard to protect and serve the residents and visitors to our island of Oahu.

This year has brought significant changes to us nationally and locally. In January, the first American president from Hawaii was sworn in, bringing international attention to our state. Chief Boisse Correa retired in the summer, and a new administration took over the helm of the department.

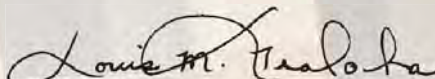

Through the American Recovery and Reinvestment Act of 2009, the HPD was able to receive over 5 million dollars to hire 21 new police officers. The department is also increasing its presence on the streets to maintain its ties to the community.

This is a challenging time for police departments all across the nation. Given the lean economy and its anticipated duration, 2010 will be marked with a renewed emphasis on core services and other reductions where necessary.

At the HPD, we will continue to strive to maintain Honolulu's status as one of the safest major cities in the United States.

We wish to say mahalo to the many individuals, community organizations, businesses, and government agencies who help us in keeping Honolulu safe. We cannot do it without your continued support.

Serving and Protecting with Aloha,

LOUIS M. KEALOHA

Organizational Chart

**2009
HONOLULU POLICE
ADMINISTRATION**

Powers, Duties, and Functions

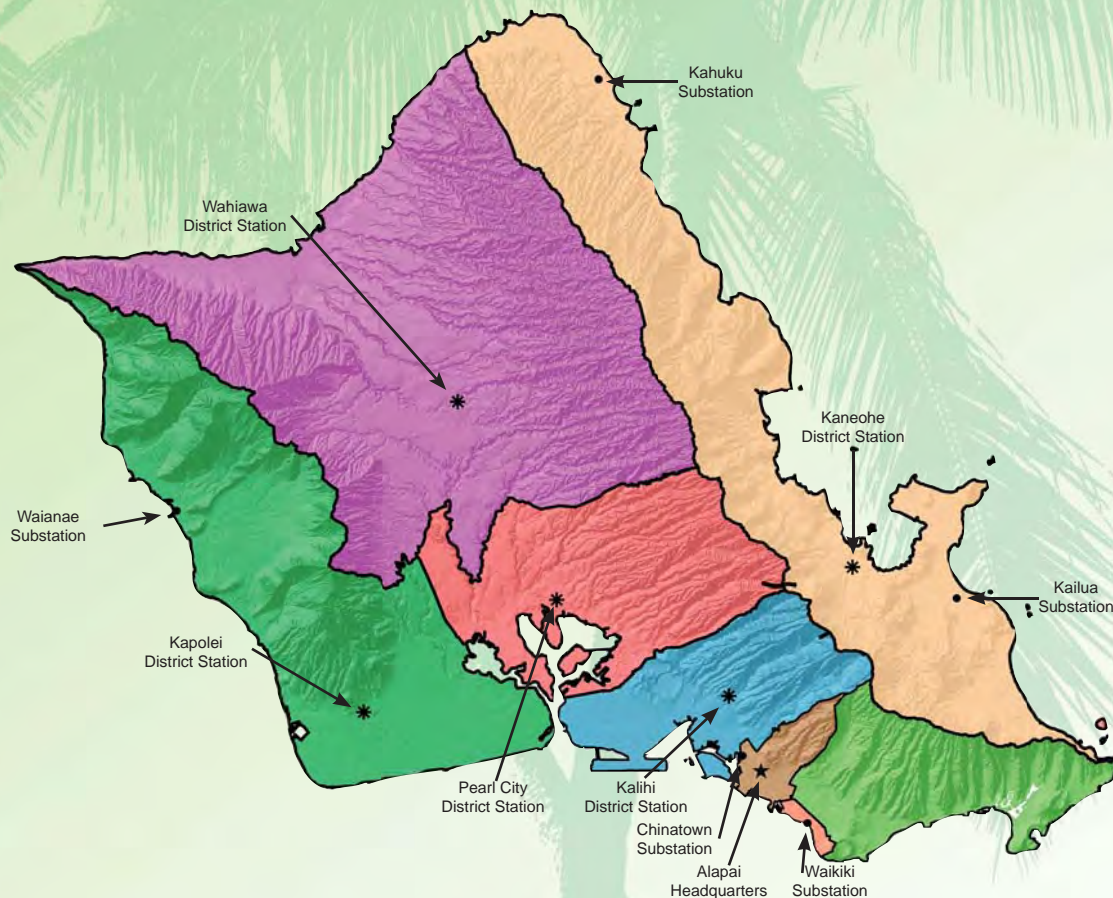

The Honolulu Police Department serves as the primary law enforcement agency for the entire island of Oahu.

The Chief of Police directs the operation and administration of the department and is responsible for the following:

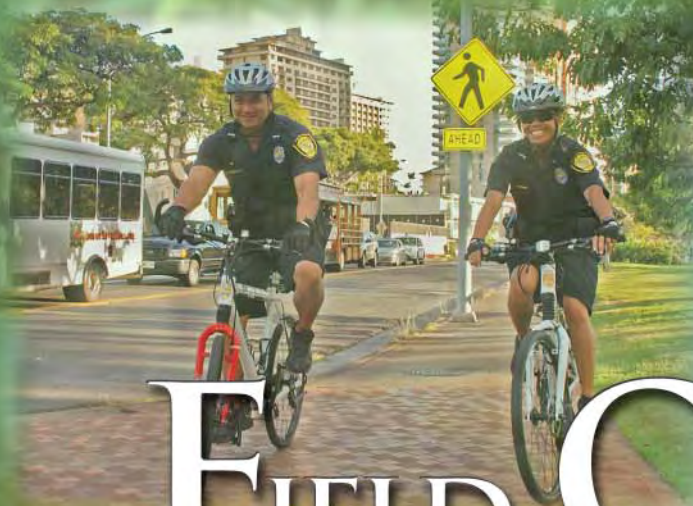

- preservation of the public peace;
- protection of the rights of persons and property;
- prevention of crime;
- detection and arrest of offenders against the law;
- enforcement and prevention of violations of state laws and city ordinances; and
- service of processes and notices in civil and criminal proceedings.

The department's jurisdiction is the City and County of Honolulu. It includes the entire island of Oahu, which has a circumference of about 137 miles and an area of some 596 square miles. The estimated resident population is about 905,034, which includes military personnel but not tourists.

For police operations, the island is divided into eight patrol districts; each district is subdivided into sectors and beats. The department's headquarters is at 801 South Beretania Street in downtown Honolulu. District stations are found in Kalihi, Pearl City, Kapolei, Wahiawa, and Kaneohe. Other facilities are identified on the map below and in the narrative parts of the report.

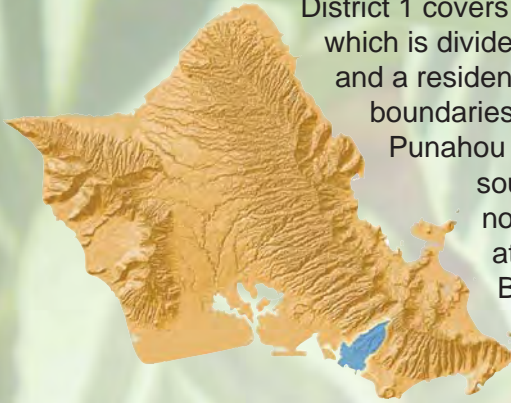

FIELD OPERATIONS

Field Operations

District 1

District 1 covers an area of about eight square miles, which is divided into four sectors consisting of 24 beats and a resident population of about 75,000 people. The boundaries of the district are Liliha Street to the west, Punahou Street to the east, the Pacific Ocean to the south, and the Makiki/Tantalus area to the north. The district's head office is located at the Alapai headquarters at 801 South Beretania Street. A Chinatown substation is located at 79 North Hotel Street.

In May 2009, the district's Community Policing Team/Weed and Seed (CPT/W&S) worked with the community, Department of Human Services, and Department of Education to create the tHInk (To Help Inspire Neighborhood Kids) Project. The project was a two-day conference to help the community and at-risk juveniles to understand each other and the consequences of the juveniles' life choices and how it affects the whole community.

In December 2009, the CPT/W&S officers held the second annual Aloha No Na Kupuna Senior Safety Conference, which provided 120 seniors with training sessions concerning pedestrian

safety, health care, and the prevention of physical and financial abuse. This two-day conference combined the support from the Honolulu Police Department, the community, and various agencies to show caring and appreciation for our elders.

Honolulu Harbor

District 1

District 2

District 2 covers approximately 204 square miles of Central Oahu and is bounded by Kipapa Gulch and the Waiahole Ditch to the south, the Waianae and Koolau mountains to the west and east, and the area from Kaena Point to Sunset Beach on the north. The area includes the communities of Wahiawa, Mililani, Mililani Mauka, Whitmore Village, Waialua, Mokuleia, and Haleiwa, as well as the military bases of Wheeler Army Air Field and Schofield Barracks. The district's headquarters is located in Wahiawa at 330 North Cane Street.

There are four neighborhood boards that meet monthly. During the year, the district was able to increase its Neighborhood Security Watch (NSW) Program by 30 new NSWs with 372 participants.

The district's Community Policing Team (CPT) works closely with the neighborhood security programs to provide information and guidance needed to maintain its membership. There are 247 active neighborhood watches with 6,057 members. The CPT and the Crime Reduction Unit work as an added layer of staffing to support the patrol units.

Anabulu Stream

District 2

Field Operations

District 3

District 3 encompasses an area of about 66 square miles and includes the communities of Pearl Harbor, Halawa, Aiea, Pearl City, Waipio, Kunia, Waikēle, and Waipahu. The district's headquarters is located in Pearl City at 1100 Waimano Home Road.

The district is divided into three sectors and consists of 17 authorized patrol beats. The officers in the district serve a population of approximately 160,000 residents, represented by four neighborhood boards. In 2009, calls for service totaled approximately 81,885.

The Community Policing Team established 11 new Neighborhood Security Watches with an additional 290 members, as well as 12 new Citizen Patrols with an additional 58 new members.

The Alpha Group Mentoring Program began when the Waipahu Intermediate School vice-principal approached the Waipahu Weed and Seed Detail regarding school robberies that involved a handful of boys who were robbing students of their money.

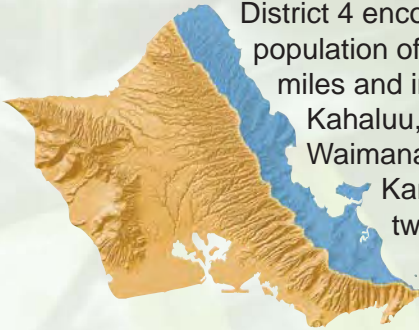

These mentoring sessions were held every other week with a Weed and Seed officer, Waipahu Intermediate School counselors, and other departmental officers, with the coordination of the department's Criminal Investigation Division, the City Prosecutor's Office and the Hawaii State Judiciary Family Court, and supervision by the Probations Office. This coordinated effort has reduced the number of robberies at the school.

Neal S. Blaisdell Park

District 4

District 4 encompasses an area of Windward Oahu that has a population of 132,266 residents. The area covers 136 square miles and includes the communities of Hauula, Kaaawa, Kahaluu, Kahuku, Kailua, Kaneohe, Laie, Lanikai, and Waimanalo. The district's headquarters is located in Kaneohe at 45-270 Waikalua Road, and there are two full-service substations in Kahuku and Kailua.

There are 170 officers and civilian staff assigned to the district. The Kahuku Substation is located at 56-470 Kamehameha Highway, and the Kailua

Substation is located at 219 Kuulei Road. District 4 has a total of 22 beats, divided into 4 sectors.

District 4 is committed to developing and maintaining strong ties with the members of its community and community organizations. There are 5 neighborhood boards and 116 Neighborhood Security Watches.

The Community Policing Team (CPT) expanded two programs this year designed to enhance its partnerships with the community. Citizens Response on School Security (CROSS) is a program that provides the district's schools with extra security for the school campuses. The Sportsmanship program provides tips on displaying good sportsmanship to students, parents, coaches, and sports leagues in the community. They are also informed about the laws affecting them when they use city parks.

The CPT, along with the Kahaluu Neighborhood Board and other community members, took action against a growing drug problem at Kahaluu Regional Park. The project was called, "Take Back the Park." Overgrown brush was cleared to enhance the openness and beauty of the park and to increase its visibility to make it more difficult for drug users to congregate and loiter.

Makapuu Beach Park

District 4

Field Operations

District 5

District 5 is divided into 23 beats that covers 40 square miles of Central Honolulu. The district includes residential and industrial/business areas, Honolulu Harbor, Honolulu International Airport, the U.S. Federal Detention Center, Oahu Community Correctional Center, Hickam Air Force Base, Coast Guard Base - Sand Island, and Fort Shafter. The district's headquarters is located in Kalihi at 1865 Kamehameha IV Road.

In 2009, there were 81,116 calls for service compared to 82,726 in 2008, a decrease of 2 percent from the previous year.

In November 2009, the district formed the District 5 Task Force. This unit was formed to work closely with the patrol officers to address nuisance complaints, hot spots, and other criminal activity. The unit made 251 arrests

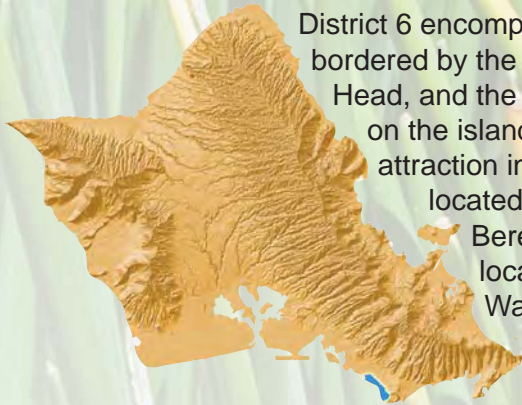

for robbery, terroristic threatening, burglary, graffiti, drugs, driving under the influence of an intoxicant, and other alcohol violations.

Keehi Lagoon Park

District 6

District 6 encompasses the Waikiki peninsula, which is bordered by the Ala Wai Canal, the slopes of Diamond Head, and the Pacific Ocean. It is the smallest district on the island, but contains Waikiki, the biggest tourist attraction in Hawaii. The district's head office is located at the Alapai headquarters at 801 South Beretania Street. The Waikiki Substation, located at 2425 Kalakaua Avenue fronts Waikiki Beach. The Burglary/Theft Detail and Crime Reduction Unit offices are located on Diamond Head Road.

During the year, the district completed the Multimedia Technology Assisting Cops Project. This project has enabled the district to improve the time and amount of information that can be accessed by the patrol officers through streaming information over wireless technology.

In 2009, the district issued citations or made arrests for the following violations: 8,909 parking, 14,736 moving and miscellaneous, 391 seatbelt, 42 skateboard, 126 bicycle, 61 loud stereo, 157 camping, 1,376 liquor law violations, 77 miscellaneous, and 263 driving under the influence of an intoxicant. Waikiki also hosted 48 parades, Sunset on the Beach events, and numerous cultural events in Kapiolani Park throughout the year.

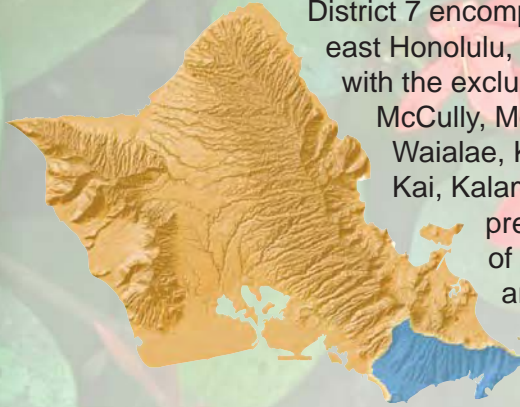

Waikiki

District 6

Field Operations

District 7

District 7 encompasses approximately 40 square miles of east Honolulu, from Punahou Street to Makapuu Point, with the exclusion of Waikiki. The area includes Manoa, McCully, Moiliili, Kaimuki, Palolo, Diamond Head, Waialae, Kahala, Aina Haina, Kuliouou, Hawaii Kai, Kalama Valley, and Sandy Beach. The area is predominantly residential with a population of approximately 150,000. Also, included are several institutions of higher learning: the University of Hawaii at Manoa, Chaminade University, and the Kapiolani Community College.

The district has 26 beats, 23 of which are funded. There are 8 neighborhood boards and 61 neighborhood watches.

In November 2009, the district's Crime Reduction Unit organized a task force to address the increase in "smash and grab" burglaries, which successfully resulted in the arrest of several individuals.

In 2009, the district began disseminating a weekly criminal activity report to all Neighborhood Security Watch (NSW) coordinators to help plan their patrol/walk times and to safeguard their neighborhoods. This has enhanced the passing of information between the Honolulu Police Department and the NSWs. The residents were also encouraged to use the District 7 Internet page to report any concerns or questions regarding their neighborhoods.

Maunaloa Bay

District 8

District 8 encompasses a land area of 128 square miles with approximately 38 miles of coastline. Personnel in the district provide services to the communities of Ewa, Ewa Beach, West Loch, Kalaeloa (Barber's Point), Kapolei, Makakilo, Campbell Industrial Park, Honokai Hale, Ko'Olina, Nanakuli, Lualualei, Ma'ili, Waianae, Makaha, Keaau, Makua, and Kaena Point. The district's headquarters is located in Kapolei at 1100 Kamokila Boulevard, and there is a substation in Waianae located at 85-939 Farrington Highway.

District 8 has 20 beats divided into three sectors. Due to the increase in population and businesses in the area, the district is planning to restructure the beats to incorporate a fourth sector to better service the public.

There are 77 neighborhood watches, including mobile patrols, citizens patrols, business watches, and neighborhood security watches with approximately 4,338 members.

District personnel have been working with the City Department of Parks and Recreation, the City Department of Community Services, and community service providers to clean the beaches on the leeward coast. Sixteen parks were cleared of debris and restored in 2009.

Maipalaoa Beach

District 8

Field Operations

Central Receiving Division

The Central Receiving Division's (CRD) initiatives for 2009 focused on officer and prisoner safety and increasing the efficiency of operations by working closely with patrol elements, outside agencies, and the community.

During the year, the CRD processed 16,179 adult and juvenile arrestees, provided over 37,050 meals, and transported approximately 8,879 arrestees to the state Department of Public Safety's court detention facilities. The CRD also administered the Intoxilyzer breath test to 3,427 suspects and/or arrestees and took 317 DNA samples for buccal swabbing identification for those who commit sex crimes and/or have felony convictions.

In 2009, with asset forfeiture funding, the CRD was able to update its video monitoring and recording equipment. To increase involvement of the officers with the community, the CRD officers participated in events, such as Tip-A-Cop, Cop-On-Top, Shop With A Cop, and Toys for Tots.

Traffic Division

The Traffic Division investigates certain motor vehicle collisions, promotes the safe and efficient movement of traffic on public roadways through educational and community programs, and gives presentations on traffic safety and enforcement laws to the community.

In January 2009, the Punahou School Anime Club agreed to illustrate a bicycle safety message for the department. Upon completion of the project, 30,000 flyers and 700 posters were printed for statewide distribution to public schools, doctor offices, and bicycle shops.

The club's efforts were recognized by Mayor Mufi Hanneman and city Councilmember Ann Kobayashi.

On July 1, 2009, the mobile electronic devices ordinance became law. This ordinance prohibits the use of a mobile electronic device (e.g., cellular

telephone) while operating a motor vehicle. The Traffic Division played a major role in getting this law passed. During the year, 2,806 citations were given.

INVESTIGATIVE BUREAU

Investigative Bureau

Criminal Investigation Division

The Criminal Investigation Division (CID) investigates cases involving murder, robbery, sexual assault, domestic violence, child abuse, financial fraud and forgery, auto theft, and white collar crimes. In addition to preparing investigations for criminal prosecution, the division strives to increase public awareness by partnering with other law enforcement agencies and the community through programs such as CrimeStoppers and the Business Police Academy.

In 2009, the division achieved a 100 percent closing rate for its homicide investigations, compared to 85 percent in 2008. The detectives attributed the high closure success rate to the assistance they received from the community. During the year, the CID investigated 726 unattended death cases and another 104 homicide associated cases.

Utilizing funds from a Violence Against Women Act grant, the CID was able to redesign and update two interview and interrogation rooms with state-of-the-art digital recording equipment. The digital recording equipment has improved the efficiency of viewing and reproducing evidence for court purposes.

Homeland Security Division

The Homeland Security Division (HSD) supports command operations during major

events, establishes and facilitates interagency communications, and coordinates site and threat assessments. They also acquire and manage resources to prevent, respond, and recover from natural disasters and acts of terrorism within the City and County of Honolulu. The HSD also participates in and coordinates joint training exercises with federal, state, and local agencies to strengthen our ability to work efficiently with other first responder partners.

During 2009, the department received \$1,850,000 in federal Homeland Security funds to purchase a Type 1 Mobile Incident/Unified Command Center Trailer; enhanced Communications/Situational Awareness satellite systems for the Alapai and Kapolei Stations; and Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) personal protective equipment.

EMERGENCY VEHICLES, INC.

Honolulu Police Department
Honolulu, Hawaii

The Type 1 Mobile Incident/Unified Command Center Trailer will be a useful asset during the Asian-Pacific Economic Cooperation (APEC) conference in November 2011.

Juvenile Services Division

The Juvenile Services Division (JSD) addresses issues involving the development of the community's youth through a variety of prevention, education, and intervention efforts.

In 2009, the JSD unveiled a new Drug Abuse Resistance Education (DARE) curriculum for middle school students called "Keeping It Real." Washington Middle School was the pilot school for this curriculum. The DARE curriculum is

Investigative Bureau

usually geared primarily toward fifth-grade students.

The Police Activities League (PAL) started a cheerleading program during the flag football season with 70 girls from the Kalihi Waena area. The program was also introduced in Wahiawa with 30 girls participating.

PAL was awarded a grant to present bicycle safety by the Hawaii State Department of Transportation's Safe Routes to Schools Program. The program used bicycles and rodeo equipment to teach safety. The children received certificates, backpacks, and bicycle decals for attending.

In 2009, the Status Offense Detail recognized the need to monitor the status of juvenile females and males arrested for prostitution as

there was no alternative to prostitution provided to these juveniles. An informal group made up of the Hawaii Missing Child Center, Federal Bureau of Investigation, Queen's Hospital, Sex Abuse Treatment Center, and our department provides assistance to these juveniles and monitors their situation.

Narcotics/Vice Division

The Narcotics/Vice Division conducts investigations and enforces the laws, ordinances, and regulations that lead to the disruption and dismantling of organizations involved in illegal drugs, prostitution, pornography, and gambling. Many task force officers are "cross-deputized" to hold Honolulu Police Department and federal powers. The Rapid Reduction Drug Unit task force is

comprised of investigators from the division and the Drug Enforcement Administration. After a two-year absence, the Narcotics/Vice Division rejoined this task force in September 2009.

In 2009, all narcotics investigations resulted in the seizure of over 14.6 pounds of methamphetamine, 4.1 pounds of cocaine, 111.1 pounds of processed marijuana, and 1,769 ecstasy tablets all with a street value of over \$28,417,344. Also seized were various vehicles and U.S. currencies.

Investigative Bureau

Specialized Services Division

The Specialized Services Division (SSD) provides special weapons and tactical support to the department in high-risk situations. The division has 67 authorized sworn positions and one civilian.

In 2009, the division acquired an armored personnel carrier known as the "Bearcat." This machine can be used as a tactical intervention vehicle with chemical, biological, radiological, nuclear, and explosive capabilities. The division also obtained a new MD-500E helicopter with global positioning system capabilities.

The SSD successfully supported the United States Secret Service with providing security and motorcade movements for the President of the United States and his family during their 11-day vacation on Oahu.

Scientific Investigation Section

The Scientific Investigation Section (SIS) provides investigative support through the application of forensic science.

The SIS was able to secure COPS MORE grant funding through a congressionally mandated appropriation by Senator Daniel Inouye's office. This grant provided the SIS with the opportunity to hire two contract criminalists for the Drug Analysis Unit and one contract evidence specialist for the Crime Scene Response Unit.

In April 2009, the SIS purchased a scanning electron microscope for the Trace Evidence Unit. This microscope enhances the unit's capability for elemental analysis, particularly in the detection of gunshot residue particles.

The renovation of the SIS was completed in August 2009. The expansion increased the combined work areas for the DNA Unit, Drug Unit, Firearms Unit, Trace Evidence Unit, Questioned Documents Unit, and the Crime Scene Unit by approximately 10,500 square feet. The DNA Unit serves as the Combined DNA Index System (CODIS) laboratory for the State of Hawaii.

ADMINISTRATIVE BUREAU

Administrative Bureau

Finance Division

The Finance Division prepares and manages the Honolulu Police Department's (HPD) operating budget. For the Fiscal Year 2009, the department's annual operating budget totaled \$210,472,834.

The Grant Section applied for funds from the American Recovery and Investment Act grant in an effort to increase uniformed officer staffing and community policing efforts. The HPD was awarded funding from the grant, which resulted in the hiring of 21 new recruits in the 164th police recruit class and funding for eight HPD projects.

The Property and Supply Section was a major contributor to the city's efforts to redistribute equipment that was no longer needed by the department. Various types of surplus equipment were auctioned or recycled. In 2009, the HPD recycled over 980 pieces of computer equipment.

Human Resources Division

The Human Resources Division (HRD) is responsible for administering all personnel matters, to include recruitment and hiring, fitness-for-duty and performance evaluations, labor relations and union issues, special duty jobs for off-duty police services, investigations

of sexual harassment and discrimination complaints, and the drug urinalysis screening program.

Through the American Recovery and Reinvestment Act grant, the department was able to secure funding for 21 new police officer positions. In addition, the HRD reformatted and updated 265 sworn position descriptions for accuracy. The division worked to improve the efficiency of the department by converting the subsidized vehicle recommendation request, transfer request, and outside employment request forms to the city's computerized electronic forms (e-forms).

In September 2009, the Secondary Employment Management System (SEMS) Special Duty System-Based Assignment program was

Administrative Bureau

implemented to enhance the special duty computer system. The system resulted in a reduction of special duty job cancellations, an increase in the number of officers who receive jobs, and an equitable distribution of special duty job assignments.

Training Division

The Honolulu Police Department's Training Academy, Ke Kula Maka'i, is located at 93-093 Waipahu Depot Street. The division focuses on four main areas: recruit training, annual recall training, executive training, and specialized training for personnel in units requiring specific skills.

The Training Division has an authorized strength of 39 positions, including a major, 2 lieutenants, 9 sergeants, and 23 MPO-II M positions. Civilian positions include a secretary, senior clerk typist, clerk typist, and a firearms technician. On a contractual basis, the division has an additional firearms technician and a computer technician.

During 2009, the Training Division kicked off a pilot program to administer on-line training to department personnel. Sexual Harassment

Training for Executives, Bias-Based Training for Executives, and Bloodborne Pathogens Training for Executives were among the courses offered.

On August 1, 2009, the Training Division was reaccredited for a second time by the Commission on Accreditation for Law Enforcement Agencies, Inc.

In continuing with the department's Electric Gun Program, the Training Division has eight certified instructors and 900 TASER X26 users. There are currently 530 TASER devices in the field that are equipped with audio and video recording capability.

SUPPORT SERVICES BUREAU

Support Services Bureau

Communications Division

The Communications Division is the largest Public Safety Answering Point in the state and received 896,940 calls for service in 2009. Of the calls received through the 9-1-1 system, 696,644 were for police services, compared to 724,241 in 2008.

The division improved its response time for police services in 2009, compared to 2008 (refer to chart below). The response time is calculated from when a call taker first receives the call until the call is dispatched to a police officer. Priority 1 is an emergency call where there is a threat to life or property. Conversely, Priority 2 is a nonemergency call where there is no threat to life or property.

PRIORITY 1 CALLS (Yearly Average)		
Year	Initial to Dispatch	Dispatch to Scene
2008	1.92 minutes	6.28 minutes
2009	1.63 minutes	5.96 minutes

PRIORITY 2 CALLS (Yearly Average)		
Year	Initial to Dispatch	Dispatch to Scene
2008	6.05 minutes	9.57 minutes
2009	4.93 minutes	9.01 minutes

Information Technology Division

The Information Technology Division (ITD) provides a wide range of information technology, research, and statistical support services for the department. The division is organized into three sections: Data, Mobile Computing, and Research.

This year, the "HPD Blog" was launched on the department's Web site to provide the public with more information at their fingertips regarding the police and police issues.

During 2009, there were 6,771 requests for service, compared to 6,386 in 2008.

Support Services Bureau

Records and Identification Division

The Records and Identification Division maintains records of all reported incidents requiring police services. The division is also responsible for serving warrants, administering the registration of alarms and firearms, handling evidence, and fingerprinting.

The division transitioned to digital fingerprint processing of arrested persons using a system called LiveScan. The system eliminated the use of ink to gather fingerprint impressions

and the problems that ink creates. Digital fingerprint images and arrestee identification information are then transferred to the State Department of the Attorney General's Hawaii Criminal Justice Information System, which in turn transfers the information to the Federal Bureau of Investigation's databases. In 2009, the department also began using the LiveScan system to register sex offenders and processed 1,194 individuals.

During the year, the division purchased two digital microfilm scanner systems, equipped with a high-speed laser printer, to replace outdated microfilm machines. The acquisition effectively simplified and reduced the processing time for police report reproduction requests, thus providing better service to the public.

Telecommunications Systems Section

The Telecommunications Systems Section (TSS) has 18 employees and maintains the City and County of Honolulu's public safety communications infrastructure. This system

Support Services Bureau

consists of thirteen 800 MHz and six microwave spur radio repeater sites around the island.

In March 2009, the 800 MHz radio rebanding-update project commenced. With the assistance of the subcontractor, Dailey Wells Communications, the TSS was able to complete the first of two radio reprogramming update phases. The second phase is scheduled for March 2010.

Utilizing Department of Homeland Security federal funds, the TSS was able to purchase two mobile repeater "Site on Wheels" mobile trailers and portable suitcase equipment. The trailers will provide additional radio coverage and fill in as a repeater site in remote locations where there is a void in coverage. These systems are currently being installed.

The TSS reestablished the third watch shift, which extends the hours of operation. As a result, the TSS was able to reduce overtime and standby pay for trouble calls after hours.

Vehicle Maintenance Section

The Vehicle Maintenance Section (VMS) includes a dispatch section and a service station that run 24 hours a day, 7 days a week.

The VMS has repair facilities located at the Alapai headquarters and the training academy in Waipahu. The section is responsible for the maintenance and repair of approximately 700 vehicles, including the department's fleet of police vehicles, motorcycles, trailers, support vehicles, and off-road equipment.

HONOLULU POLICE EXECUTIVE BUREAU

HONOLULU POLICE
SERVING AND PROTECTING

CRIME
EVERY
the No
decade

Executive Bureau

Community Affairs Section

The Community Affairs Section is responsible for operating, coordinating, and maintaining the department's community relations, special awards, and projects.

These responsibilities include various departmental award ceremonies, police museum, Audio-Visual Unit, Police Reserve Officer Program, Speakers Bureau, and photography for all department-related events, as well as overseeing the department's Internet Web site.

In 2009, the department's police museum saw 900 walk-in visitors and another 550 people who participated in 18 museum tours. The number of visitors has decreased over the years by approximately 55 percent. This decrease has been attributed to a lower number

of tourists visiting our island, a reduction in the number of tours being requested by schools due to budgets cuts, and not being able to accept tours organized by private tour companies.

The Speakers Bureau processed a total of 660 requests for speakers and/or presentations in 2009. Without the coordination and assistance of the Speakers Bureau, the requests for service from the community would not be fulfilled. The benefits include the use of the community policing concept to benefit the public and our department, visibility of our officers within the community, and the dialogue between the officers and the community.

Legislative Liaison Office

The Legislative Liaison Office (LLO) is responsible for coordinating all legislative matters that affect departmental operations. During the 2009 legislative session, the LLO reviewed 4,141 bills and resolutions that were introduced. The office is also responsible for tracking bills and resolutions that were presented before the City Council. In 2009, 443 bills and resolutions were reviewed by the office.

The LLO provides up-to-date information on law changes to departmental personnel as well as all county police departments.

Executive Bureau

Office of Accreditation

The Office of Accreditation (OA) is responsible for facilitating the compliance of accreditation standards and issues involving departmental policies. The OA coordinates all accreditation activities for the department and serves as the department liaison to the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA).

The HPD was awarded its first Law Enforcement Accreditation Program certificate on July 12, 2003, in Detroit, Michigan. In 2009, the department received its most recent certificate of reaccreditation at the CALEA conference in Hampton, Virginia, on July 12, 2009.

The OA assisted the Communications Division during its reaccreditation in December 2009 for the Public Safety Communications Accreditation Program certificate. The Training Division also went through a reaccreditation in December 2008 and was awarded its Public Safety Training Academies Accreditation Program certificate in August 2009.

Civil Defense Coordinator

The Civil Defense Coordinator is responsible for developing departmental guidelines, coordinating training, and ensuring that all departmental elements are prepared to handle police-related activities when natural or man-made disasters threaten or occur. Reviewing Oahu Warning Point procedures, conducting tests, and participating in Warning

Point exercises ensures that the public and departmental personnel are notified in times of catastrophic events.

The Civil Defense Coordinator continued to provide training in the areas of hazardous materials and chemical, biological, radiation, and explosive (CBRNE) awareness. Officers are taught to identify specific hazards, set up

protective zones, and conduct evacuations. In 2009, 2,030 officers received this training. Additionally, 30 training sessions were conducted for other Federal, State, and City agencies.

In 2009, the Civil Defense Coordinator participated in developing the Hawaii Catastrophic Hurricane Plan. HPD's involvement and contributions to the plan ensure that the department and the city are better prepared to respond to and recover from a major hurricane.

AWARDS & HONORS

Awards and Honors

Police Officer of the Year

Det. Deena J. Thoemmes

Lieutenant of the Year

Lt. Jason K. Kawabata

Sergeant of the Year

Sgt. Derrick K. Tsukayama

Ms. Suzy K. N. Yamasaki

2009 Hall of Fame Inductee

Detective John Jardine

Honolulu Police Detective John Jardine was inducted into the Honolulu Police Department's (HPD) Hall of Fame on May 16, 2009.

John Jardine was 21 years old when he joined the Honolulu Police Department on July 16, 1923. He was promoted to the rank of detective 18 months later and established himself as smart and soft hearted but a tenacious enemy of the underworld. He investigated and solved many murder, robbery, public corruption, theft, and forgery cases. Detective Jardine was one of the investigators in the infamous Massie case in which U.S. Navy Lieutenant Thomas Massie and his mother-in-law were convicted of murdering one of his wife's alleged rapists in 1931.

After 12 years with the Honolulu Police Department, Detective Jardine was transferred to the City Prosecutor's Office as a Special Investigator where he retired on December 29, 1968. Detective Jardine's sustained superior performance throughout his

career, his integrity and dedication to his job, and his outstanding character earned him the respect of his peers and the community.

Previous Hall of Fame Inductees

Chief
Francis A. Keala
Inducted: May 17, 2007

Chief
Daniel S. C. Liu
Inducted: May 17, 2007

Sergeant
Edwin I. Adolphson Jr.
Inducted: May 17, 2007

Sister
Roberta Julie Derby
Inducted: May 17, 2007

Detective
Chang Apana
Inducted: May 15, 2008

Officer
Roger Piwowarski
Inducted: May 15, 2008

The HPD's Hall of Fame was established on May 17, 2007, to honor those who have distinguished themselves through their outstanding contributions and service to the department and the community.

2009 Retirees

Sgt. Wayne L. Tomiyasu

Det. Thomas I. Toyokazi

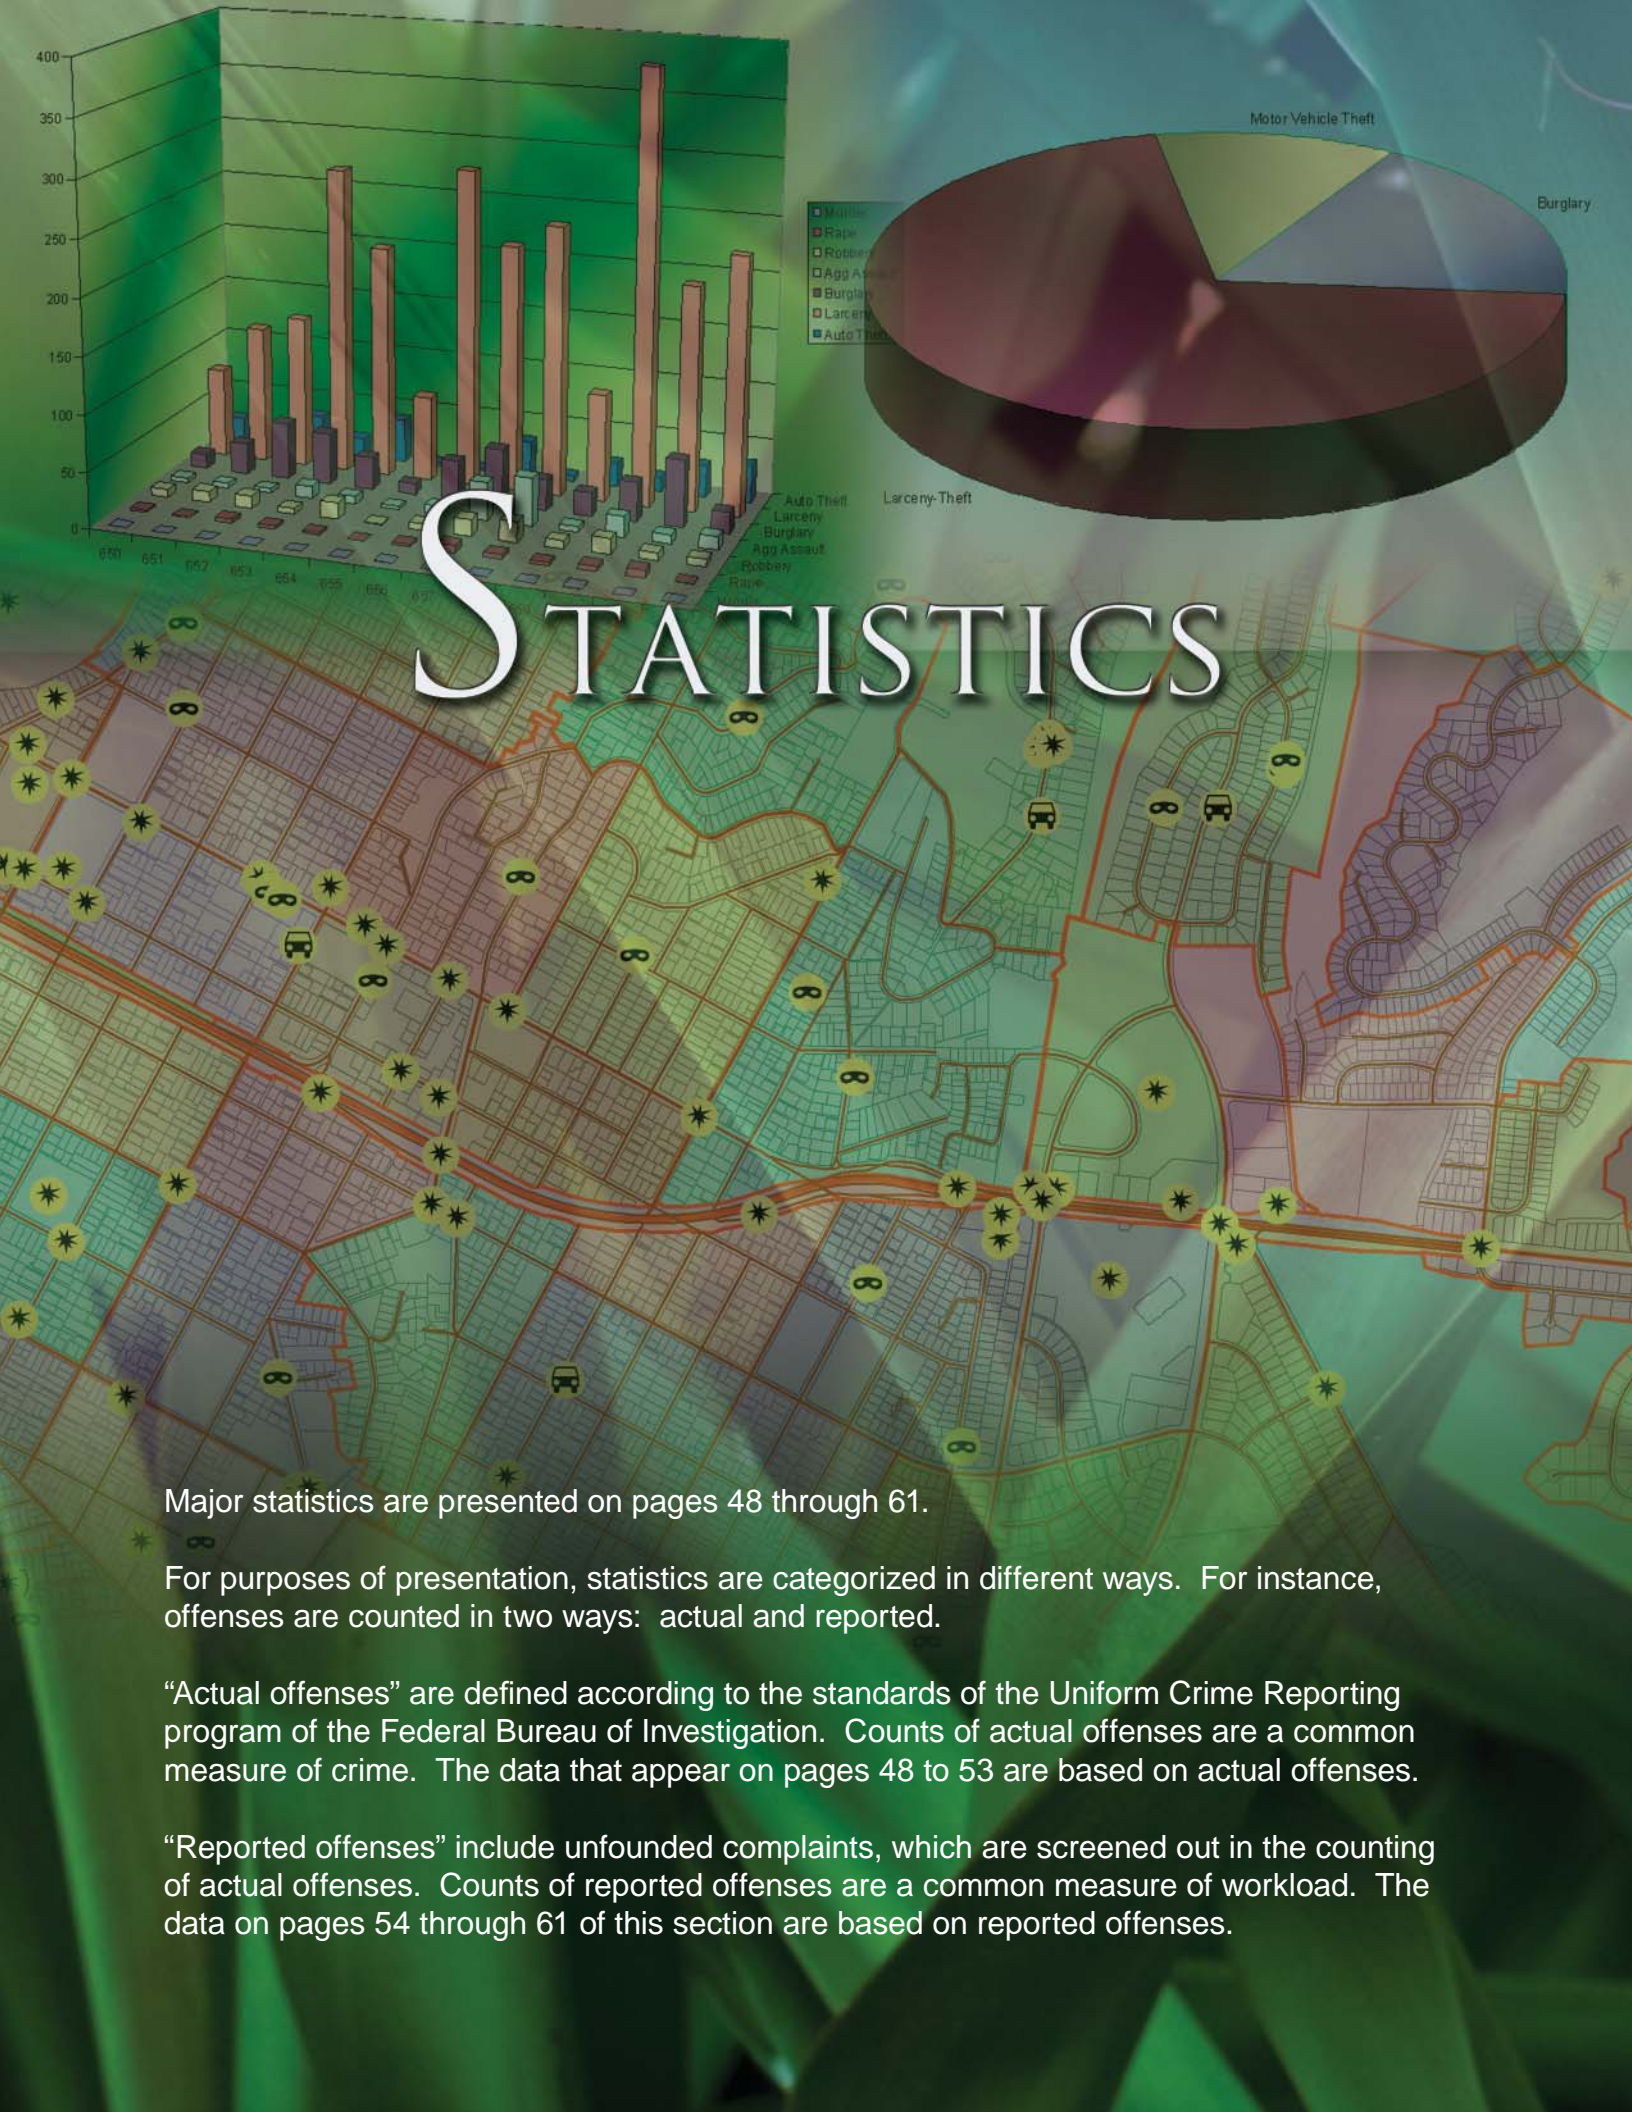

Sgt. Derrick K. Tsukayama

Lt. Charles Y. H. Wong

Mr. John J. Zirkle III

STATISTICS

Major statistics are presented on pages 48 through 61.

For purposes of presentation, statistics are categorized in different ways. For instance, offenses are counted in two ways: actual and reported.

“Actual offenses” are defined according to the standards of the Uniform Crime Reporting program of the Federal Bureau of Investigation. Counts of actual offenses are a common measure of crime. The data that appear on pages 48 to 53 are based on actual offenses.

“Reported offenses” include unfounded complaints, which are screened out in the counting of actual offenses. Counts of reported offenses are a common measure of workload. The data on pages 54 through 61 of this section are based on reported offenses.

Crime Index 2000 - 2009

Seven serious offenses are used to define trends and make comparisons across the nation. These offenses are called index crimes, and data about them are drawn from the Federal Bureau of Investigation's Uniform Crime Reporting (UCR) program. The offenses consist of four violent crimes (murder, forcible rape, robbery, and aggravated assault) and three property crimes (burglary, larceny-theft, and motor vehicle theft).

During 2009, a total of 35,912 index crimes occurred in Honolulu, an increase of 5 percent from 2008. The number of indexed crimes are still lower than the number of crimes recorded in the mid-1970s. Violent crimes decreased by 1 percent, with the number of murders accounting for the largest percentage decrease (22 percent). Property crimes increased by 5 percent, with the number of larceny-thefts having the largest percent increase (10 percent).

Offenses	2000	2001	2002	2003	2004
